Dear Mr. Sripathi:

In accordance with the Residential Traffic Administration Program (R-TAP) guidelines for the establishment of traffic calming devices in residential neighborhoods, the Fairfax County Board of Supervisors on June 30, 2008, approved a traffic calming plan (see attached) for the following road:

- Cabells Mill Drive (Sully District)

The Board further requested that the Virginia Department of Transportation (VDOT) install the approved measures as soon as possible.

We appreciate the active participation of the Traffic Engineering Division in the development of this traffic calming plan and look forward to its implementation.
